

Above The Skies
© 2004 – Mike Pellegrino

B- A F#- G
Ring around the doorstep and a pocket full of ash

B- A B-
I see you're here to set me free.

B- A F#- G
It's time for you to leave me where I've been. (Don't you know that?)

B- A D
Won't you find the words to bring to me?

Finally found the door latch, it doesn't seem to catch
It's seems it's me who'll run away.
Those signs are there for me to see ahead the distant sea
Pulling out your pockets for today

E A F#-
Here I am spinning round and back again
D E A
Here above the skies tonight
E A F#-
Here above the skies I can see the tree line
D E F#(major)/F#dom7
Here above I can see the lies

Running on the rooftops my feet don't seem to stop
You follow me so close behind
Behind me is myself and he's losing his health
My thoughts of memories in his eyes.

If you were me what would you do? Could you do that?
If you were me running round?
Though thirty years ago, I wouldn't be so proud.
I Thought I knew who I was now.

{Chorus}

{Musical Break}

Bring it to the table and I'll swallow the past
The air is getting hard to breathe
Sing it if your able and It won't be the last
Sing it while you can with me.
