A

Sweet sweet rush to my head  
feel my bones creaking and I'll soon be dead

D

but I gotta have that sugar ~ gotta feel alive

E

someone find some sugar ~ gotta have it all the time

Can't see too far and I can't stand up  
my head is swimming I've lost all of my luck

I've gotta have your sweetness ~ gotta feel alive  
gotta find some sugar ~ gotta have it all the time

I've been walking across this land but I still can't feel my feet  
can't feel my fingers when I walk across your street

looking for some sugar ~ looking for a real good time  
gotta find some sugar ~ before I lose my mind

Sweet sweet rush I'll soon be dead  
I can feel my heart a pounding, just like full of lead

before I find some sugar ~ before I feel alive  
gotta find some sugar ~ gotta have it all the time
